Research Education Program

Building Research Capacity

Learn from the Experts

These sessions feature local researchers sharing their expertise with those who are novice researchers or for those who want a refresher on a particular topic. The topics are quite diverse to appeal to a wide audience. These seminars were introduced last year and were well received with consistent positive feedback!

Time:	**Location:**
12 Noon - 1:00 pm	RMU Multimedia Room, Room 114 Centre for Clinical Research, 5790 University Avenue, Halifax, NS

September 21, 2016	***What's in a Name? Pilot Studies*** Dr. Jennifer Payne
October 19, 2016	***Health Research Using Secondary Data*** Dr. Christy Woolcott
