MEMORANDUM

TO: Research Coordinators, Centre for Clinical Research

FROM: Lloydine Murray
Technical Supervisor, Shared Services
Department of Pathology and Laboratory Medicine

RE: Laboratory Reference Ranges

DATE: May 8, 2012

The Department of Pathology and Laboratory Medicine Research Support Office provides laboratory reference ranges for applicable tests to all Research coordinators at the beginning of each clinical trial as per ICH GCP article 8.2.11.

Effective immediately, additional requests for reference ranges will not be granted.

The applicable reference ranges are reported with the laboratory test results at the time of verification, and are made available on the laboratory report.
