

## Quick Reference Blood Component and Product List human product vs recombinant

Product Name	Type	Recombinant DNA vs Human
<b>Red Blood Cells</b>	Blood Component	Contains human blood
<b>Plasma</b>	Blood Component	Contains human blood
<b>Platelets</b>	Blood Component	Contains human blood
<b>Cryoprecipitate</b>	Blood component	Contains human blood
<b>Albumin 5%/25%</b>	Blood Derivative	Contains human blood
<b>Antithrombin III</b>	Anticoagulant	Contains human blood
<b>Berinert</b>	C1 Esterase Inhibitor	Contains human blood
<b>Cinryze</b>	C1 Esterase Inhibitor	Contains human blood
<b>Haegarda</b>	C1 Esterase Inhibitor	Contains human blood
<b>Panhematin</b>	Heme Replacement	Contains human blood
<b>IVIG/SCIG/IMIG (IGIVnex, Gamunex, Gammagard SD, Gammagard Liquid, Privigen, Octagam, Panzyga/Cutaquig, Cuvitru and Hizentra/ GammaSTAN, HyperHEP B, VariZIG and WinRho)</b>	Immunoglobulin Replacement	Contains human blood
<b>Beriplex</b>	Prothrombin Complex Concentrate	Contains human blood
<b>Octaplex</b>	Prothrombin Complex Concentrate	Contains human blood
<b><u>Clotting factor Products:</u></b>		
<b>Adynovate</b>	Coagulation Factor VIII (8)	Recombinant
<b>Alprolix</b>	Coagulation Factor IX (9)	Recombinant
<b>BeneFIX</b>	Coagulation Factor IX (9)	Recombinant
<b>Corifact</b>	Coagulation Factor XIII (13)	Contains human blood
<b>Eloctate</b>	Coagulation Factor VIII (8)	Recombinant
<b>Esperoct</b>	Coagulation Factor VIII (8)	Recombinant
<b>Fibryga</b>	Fibrinogen Concentrate	Contains human blood
<b>Febia NF</b>	Anti-Inhibitor Coagulant Complex	Contains human blood
<b>Hemlibra</b>	Emicizumab, Antihemorrhagic	Recombinant
<b>Humate-P</b>	Anti-hemophilic factor/vonWillebrand Factor Complex	Contains human blood
<b>JIVI</b>	Coagulation Factor VIII (8)	Recombinant
<b>Kovaltry</b>	Coagulation Factor VIII (8)	Recombinant
<b>NiaStase RT</b>	Coagulation Factor VII (7)	Recombinant
<b>OBIZUR</b>	Coagulation Factor VIII (8)	Recombinant
<b>Rebinyn</b>	Coagulation Factor IX (9)	Recombinant
<b>RiaSTAP</b>	Fibrinogen Concentrate	Contains human blood
<b>Wilate</b>	Factor VIII (8) and von Willebrand Factor Complex	Contains human blood
<b>Xyntha (Solofuse)</b>	Coagulation Factor VIII (8)	Recombinant
<b>Zonovate</b>	Coagulation Factor VIII (8)	Recombinant
