

RESEARCH EDUCATION

FOR NOVA SCOTIA HEALTH AUTHORITY
& THE IWK HEALTH CENTRE.

SUPPORTING YOUR RESEARCH THROUGH EDUCATION

The Nova Scotia Health Authority (NSHA), IWK Health Centre and Research Methods Unit (RMU) are committed to working together to strengthen research capacity and to build research excellence. A key element of this commitment is the research education program.

Introduction To Statistics

Host: IWK Health Centre

Speaker: Dr. Jill Hatchette, Consulting Scientist, Research Services

Thursday January 21st: 2pm-4pm

Location:

Research Services Large Conference Room, IWK Goldbloom

Description:

This session is a good follow up to the introductory session on setting up a data set for analysis, though can be taken on its own. This workshop teaches basic descriptive and inferential statistics through examples. Instruction explaining central tendency, standard deviation, t-test, correlation, and other inferential statistics will be paired with actively learning how to interpret these analyses using SPSS.

Audience:

For those interested in learning more about statistics.

Pre-requisite:

None.

Cost:

None.
