

Cape Breton Cancer Centre Patient Referral Process and Patient Referral Information Line

What you need to know:

1. When the Cape Breton Cancer Centre receives your referral, a member of the cancer care team will let your doctor know it was received.
2. The cancer care team will mail an information package to your home or the address your doctor provided in the referral.
3. If you do not hear from the Cancer Centre within two weeks of your referral being sent, please call our patient referral information line at 1-844-905-0281.

The Patient Referral Information Line is 1-844-905-0281

**When you call the Information Line,
you will hear a recorded message.**

Please listen carefully to the message and be ready to provide:

- Your Full Name
- Your Date of Birth
- Your Health Card Number
- The name of the doctor who referred you to the Cancer Centre

This information will help us check in on your referral status. We will call you with an update within two business days of receiving your message.

Our goal is to constantly improve the quality of care and service we provide to our patients and their families.
